

# A place to live, not just to stay

Situated in the heart of Belfast, Northern Ireland's first homestay is made up of 175 rooms, four collaborative event spaces, a vibrant restaurant and bar, a delightful tea room and a welcoming lobby. Whether you're with us for a night or a while, there's a studio perfectly suited to you.

The building runs on 100% electric and low carbon renewable energy and has a zero-waste to landfill policy.
